Dear Lem:

I certainly appreciate your letter of 16 November and the wonderful memento album you enclosed. Clover and I shall treasure it always as a souvenir of a most interesting and enjoyable visit.

I can't truthfully say that I am well rested after the trip as the Middle East situation interrupted my plans for a long week-end combined with voting and I accomplished neither. If all goes well, however, I plan to take a few days around Christmas and spend them languishing on the beach in Florida!

Clover joins me in wishing you and Kay a very merry Christmas and a happy and peaceful New Year.

Faithfully,

SIGNED

Dear Allen:

As a memento of your recent visit to the Far East I am happy to forward this album containing a number of photographs taken during your visit to Korea and Japan. I have also included certain other photographs concerning historical and cultural subjects which I hope will give this album an added interest for you.

Kay joins me in sending warm regards and best wishes to Clover and yourself and hope that you are now fully rested from your arduous trip.

Sincerely,
